# **ECCVA Vision**

**Address the interface  
between cardiology  
and neurology.**

**Create a unique model  
of cross talk between  
different specialties.**

**Fight against  
atherosclerosis, with  
seeking chances and  
probing opportunities  
that still missing in  
Egypt and worldwide.**

# ECCVA Mission

**Support the multidisciplinary dialogue.**

**Focus on primary healthcare providers as they're gate keepers.**

**Continue having new ideas for research and education that keep primary vision in focus.**

# ECCVA Action plan

- 1- Annual meetings and conferences that host cardiologists and neurologists and other collaborative co-workers in different fields.
- 2- Support the research in the fields mentioned by new ideas and projects every year.
- 3- Support junior researchers and specialists through research seminars and hands-on workshops.
- 4- Support primary healthcare physician by education programs as they're gate keepers.
